The N2000 Coat and the N2000 Trouser

CALL US TODAY FOR SPECIAL PRICING!

The N2000 is a classic ensemble manufactured on the Globe GX-7 protective system and has been a staple of the fire service as a result of its proven track record. Globe was the first to incorporate a full AXTION™ back in the GX-7 coat for ease of motion when wearing SCBA. The GX-7 trouser has expansion knees to provide fatigue-free mobility when climbing and crawling.

Designed with durability and safety in mind, the N2000 utilizes a PBI® Matrix Outer Shell, CROSSTECH® Moisture Barrier, and CALDURA® Thermal Liner. MILLENIA® knee reinforcements increase durability and the snap-in liner/shell attachments provide an exceptionally comfortable fit. Specify safety, specify the N2000!

The N2000 meets NFPA 1971

Coat Standards

Model: N2000 (GX-7) 32"

- 7.5 oz. PBI® Matrix Natural Outer Shell
- CALDURA® Thermal Liner
- CROSSTECH® Moisture Barrier
- NYC style trim pattern in 3" Scotchlite™ Lime/Yellow Triple Trim applied with TrimTrax™
- Snap-in liner/shell attachment for comfort and fit
- Extra layer of thermal liner across the yoke and shoulders increases safety
- Contoured collar and throat tab provide protection and comfort
- AXTION™ back allows unrestricted movement with or without a SCBA
- Contoured sleeves offer ease of motion
- Thermally enhanced elbows increase thermal protection
- One interior pocket lined with CROSSTECH® Moisture Barrier to keep contents dry
- 4" NOMEX® wristlets for safety
- PBI® Matrix cuff reinforcements add durability in a high-wear area
- Internal hanger loop to assist in storage
- Zipper and Velcro storm flap closure for easy donning and doffing
- 9"W x 9"H combination hand warming pockets provide stowage and comfort
- 3.5" W x 9"H x 2"D radio pocket on left chest fully lined with poly-cotton
- 1"W x 3"L PBI® Matrix mic tab sewn above radio pocket on left chest
